Education

Yale University   New Haven, CT
  Prospective B.S., Statistics & Data Science, Molecular Biophysics & Biochemistry (with honors)   *Class of 2018*
  MCAT: top <1%, YSEA Award for Outstanding Academic Achievement (top 9 STEM juniors by GPA)
William P. Clements High School   Sugar Land, TX
  GPA: 4.00, *magna cum laude* | Full score on the SAT, 14 AP Exams, and 4 SAT II Subject Tests   *Class of 2014*

Research Experience

Yale University | Computational Biology | Mark Gerstein Lab   May 2015 – Present
  - Built a cellular atlas and NMF classifier for tissue deconvolution of exRNA samples.   *2 years*
  - Built a public analysis tool for visualizing exRNA datasets (*http://exrna-atlas.org/exat/precomputedJobs*).
  - In preparation: (1) paper on exceRpt (an exRNA-seq analysis pipeline) and (2) paper on the exRNA Atlas.
Harvard Medical School | Biomedical Informatics | Isaac Kohane Lab   Jun 2016 – Present
  - Estimation of penetrance for incidental genetic findings across ancestral populations.   *1 year*
  - Developing *clinvaR*, an R package (code library) for gene-level analysis of variants.
  - In preparation: "The predictive capacity of secondary genetic findings in six cardiac conditions" (1st author).

Posters & Presentations

  - **Lightning Talk**: Hybrid Scholarship Symposium at Yale   Apr 2017
  - **Plenary Speaker**: Yale Undergraduate Research Conference   Jan 2017
  - **Presentation (Finalist)**: Science & Technology Awards for Research at Columbia   Apr 2017
  - **Concluding Presentation**: Harvard-MIT Summer Students Conference   Aug 2016
  - **Posters**: New England Science Symposium (Harvard, Mar 2017), Yale Day of Data (Dec 2016),
    Columbia Undergraduate Research Symposium (Apr 2016)

Awards & Fellowships

  - Yale Science & Engineering Association Award for Outstanding Academic Achievement, Junior Class   Apr 2017
  - 1st Place Team, *American Statistical Association* DataFest Competition at Wesleyan University ($200)   Apr 2017
  - Max and Reba E. Richter Fellowship for Independent Study and Research ($1,000)   Summer 2017
  - Harvard-MIT Health Sciences & Technology: Summer Institute ($8,000 over 2 years)   Summers 2016-2017
  - Yale College Freshman Summer Research Fellowship in the Sciences & Engineering ($4,300)   Summer 2015
  - 1st Place Overall, Bronze Am. Smooth & Int. Standard, Worcester Ballroom Dance Competition ($180)   Jan 2016
  - Schlumberger Founders Merit Scholarship: top 8 in the nation ($20,000 over 4 years)   May 2014

Extracurricular

- Yale Ballroom Dance Team | *Team Captain, USA Dance Silver Competitor*   Sep 2014 – Present
- Walden Peer Counseling | *Hotline and walk-in peer counseling | 250 hours*   Aug 2015 – Present
- HAVEN Free Clinic | *Nutritional/Dietary Counselor | 81 hours*   May 2015 – Present
- Organic Chemistry Peer Tutor | *Office hours twice a week for a class of over 200 | 105 hours*   Aug 2015 – Present

Skills & Coursework

Computational: R (incl. Markdown, Shiny), Python, MATLAB, Java, UNIX, LaTeX, Git, MySQL.
Coursework: Multivariable Calculus, Linear Algebra, Probability and Statistics, Theory of Statistics, Biomedical Data Science, Computational Methods for Biological Data, Organic Chemistry, Biochemistry, Physical Chemistry, Physics.
